VISION

VISION

To emerge as a premier pharmacy college imparting education of high standards.

MISSION

MISSION:

Bharati Vidyapeeth College of Pharmacy has subscribed and committed to the mission statement of the parent organization Bharati Vidyapeeth, Pune.

- To produce pharmacy graduates with high ethical standards, capable of providing quality services to industry, academia, research and mankind at large.
- To create a centre of excellence for education and research in the field of pharmaceutical sciences.
- To provide long-standing learning opportunities in pharmaceutical science.

PEO

PROGRAM EDUCATIONAL OBJECTIVES:

Upon completion of the graduate course, graduates will be

- Technically and professionally well established in their careers.
- Well equipped to serve the community by creating awareness about healthcare issues.
- Well qualified to participate in research and innovations.

BHARATI VIDYAPEETH, PUNE

ENRICHING LIVES SINCE-1964

Bharati Vidyapeeth is an institute founded in the year 1964 by Hon. Patangraoji Kadam. It has today created history by establishing more than 150 educational institutes imparting education from the pre-primary stages to post graduate stages with in span of 52 years.

At Bharati Vidyapeeth, our objective has been to contribute ti intellectual awaking and social transformation in different spheres such as education, social and cultural fields in India and more particularly in Maharashtra.

Our commitment and dedication has been towards catering the needs of Corporate India providing quality education and to bring about an all round development of a wider cross section of population including women, tribal and rural people.

Always a step ahead in May 1995, the department of human resource development, Government of India, on the recommendation of University Grants Commission accorded the status of Deemed University to 12 institutions of Bharati Vidyapeeth. In the year 2000, three more institutions were accorded the same status.

performance of Bharati Vidyapeeth is accridited to none other than the man himself- Dr. Patangraoji Kadam.

With in such short span of time, the unequalled Bharati Vidyapeeth, the parents organization of Bharati Vidyapeeth University was established by Dr. Patangraoji Kadam in May 1964 with a view to contribute to the socio-cultural and economic development of our country, through dynamic education.

BHARATI VIDYAPEETH, PUNE

Although Bharati Vidyapeeth had a very humble beginning , it has now become one the largest educational organization in the country with 179 educational institutions which include school at all levels, colleges of professional and liberal education, as well as research institutes.

Among the colleges, the Bharati Vidyapeeth runs the colleges of Medicine, Pharmacy, Dentistry, Ayurveda, homeopathy, Nursing, Engineering, Environment etc. Besides , it has few co-operative units such as co-operative Bank, chain of co-operative consumer stores, co-operative sugar factory, a co-operative spinning mill, charitable hospitals and various philanthropic trust

Bharati Vidyapeeth's College of Pharmacy, Navi Mumbai

Bharati Vidyapeeth's College of Pharmacy was established in 1993 at C.B.D. Belapur, Navi Mumbai. The College occupies an area of over 35000 Sq.ft. It is located in the Thane - Belapur belt which is an important industrial area of Navi Mumbai. The college is close to Belapur railway station and is also well-connected by roads to all parts of Mumbai, Navi Mumbai and Thane.

Hon. Dr. Patangraoji Kadam's commitment to bring about "Social Transformation Through Dynamic Education" has enabled our college to achieve the highest pinnacle of the academic glory. We at our campus conduct B. Pharmacy (Bachelor of Pharmacy), M. Pharmacy (Master of Pharmacy) in four specializations namely Pharmaceutics, Quality Assurance, Pharmaceutical Chemistry and Pharmacology and Doctorate [Ph. D.(Tech.)] programme in specializations namely Pharmaceutics and Pharmaceutical Chemistry. These all courses are affiliated to the University of Mumbai. Our college is recognized and approved by PCI, AICTE, New Delhi and DTE, Maharashtra. Recently this college is accredited by NBA. Under the leadership and able guidance of Dr. Vilasrao Kadam our college has made its mark in Mumbai region and it has developed a state of the art infrastructure and very well equipped research laboratories. BVCOP has come to the fore-front as one of the leading Pharmacy College affiliated to University of Mumbai, within a span of 20 years. It has provided several competent and well-trained Pharmacy Professionals to the fast growing Pharmaceutical Industry.

Hon'ble Founder's Message

Dr. PATANGRAO KADAM

Founder

Bharati Vidyapeeth

Chancellor

Dear students,

It gives me great pleasure to welcome you to Bharati Vidyapeeth's College of Pharmacy, a member of Bharati Vidyapeeth family. In 1964, I had laid the foundation of Bharati Vidyapeeth with an aim to bring quality education to the masses and thereby bring about Social transformation through dynamic education. Since then perseverance and hard work has resulted in Bharati Vidyapeeth becoming one of the best educational organization of this country.

Bharati Vidyapeeth's College of Pharmacy was established in 1993 and is one of the 179 educational institutes under the fold of Bharati Vidyapeeth. I have taken special care to make this college one of the best by building a strong infrastructure with healthy, conducive to study atmosphere, laboratories with modern equipments and library with up-to-date literature. Having built a strong UG programme this college took a major leap towards progress in 2003 with the establishment of research wing and inception of PG programme in pharmaceutical sciences. Our aim now is to produce brilliant pharmaceutical researchers of tomorrow and to create the facilities to that end.

I once again welcome you to grow with this college and go on to become dedicated and knowledgeable Pharmacy professional and responsible citizens of our great nation.

Message from Hon'ble Prof. Dr. S. S. Kadam

Dr. SHIVAJIRAO KADAM

Pro-Chancellor

Bharati Vidyapeeth Deemed University

It gives me immense pleasure to introduce Bharati Vidyapeeth's College of Pharmacy. An institute that strongly believes in 'Social Transformation Through Dynamic Education', and constantly strives to scale the peak of excellence.

A vital link in the chain of prestigious Bharati Vidyapeeth institutions, Bharati Vidyapeeth College of Pharmacy has become a long way since 1993. And I heartily congratulate the component and devoted faculty members, staff and students for the splendid progress of this college.

As Secretary of Bharati Vidyapeeth, I have ensured that Bharati Vidyapeeth College of Pharmacy is professionally managed and provided with the best staff and most modern infrastructure.

I am sure that students, receiving formal pharmacy education from this institute will go on to become most knowledgeable and ethical pharmacists.

From the Principal's Desk

Dr. Vilasrao Kadam
Principal, Bharati Vidyapeeth's College of Pharmacy, Navi Mumbai

Bharati Vidyapeeth's College of Pharmacy, Navi Mumbai provides education to students seeking to become pharmacists; researchers; and those seeking positions in academia, the pharmaceutical industry, governmental and nongovernmental agencies, or other health care systems, and who are leaders and catalysts for change. Pharmacy is a rewarding, dynamic profession, one that beckons outstanding students to explore its many opportunities in the changing health care environment. The diverse educational experience BVCOP graduates receive gives them the ability to thrive in all areas of the profession, now and in the future. Students have ample opportunities to develop leadership skills, participate in community health-related activities, and engage in research and scholarship. These activities promote active engagement early in the profession within a diverse community of students and faculty and staff members. BVCOP is affiliated to University of Mumbai, Recognised by UGC u/s 12 (B) and 2(f) and has been NBA accredited providing students with the opportunity to be part of an interprofessional, collaborative team, a necessary component of progressive health care. The heart of our college is our exceptional students who are mentored by committed and talented faculty members in a rich learning environment. Our faculty members are recognized as experts in their field and are dedicated to providing quality professional and graduate education focusing on academic excellence. The college provides quality education, exposure to diverse learning experiences and high-quality interactive education. We boast outstanding alumni who have been successful in their chosen career environments and who selflessly provide ongoing education and mentoring to our students. Our experiential education preceptors provide additional opportunities for student growth in the profession. We are proud of our faculty, students, and alumni and look forward to receiving your application. I encourage you to make BVCOP your destination for pharmacy education. Our college is nationally and internationally recognized due to our esteemed faculty and staff members, who are dedicated to working closely with students, nurturing them along as they progress through the academic experience. When students truly know their professors are there for them on a daily basis, it makes a big difference in their educational experience. Our educational paradigm is both academically and technologically robust. Because of this, we're able to provide our students with the knowledge and skills they will need to become compassionate and dedicated health care professionals. Our current students are fully aware and appreciative of this fact. And as a new student, you will be as well.

Faculty Members

Department of Pharmaceutics

Dr. V.J. Kadam	Principal and Professor
Dr. K. R. Jadhav	Professor
Dr. M. Patnaik	Professor
Dr. S. P. Patankar	Associate Professor
Ms. M. S. Karpe	Associate Professor
Mr. S. R. Nikam	Associate Professor

Faculty Members

Department of Pharmaceutical Chemistry

Dr. C.S. Ramaa	Professor
Dr. M. P. Toraskar	Associate Professor
Dr. A. P. Jadhav	Associate Professor
Ms. V. V. Khanvilkar	Associate Professor
Ms. D.M. Jagdale	Assistant Professor
Mr. A.R. Shirode	Assistant Professor
Ms. S. D. Patil	Assistant Professor
Dr. R. Mohan	Assistant Professor
Mr. D.S. Nikam	Assistant Professor

Department of Pharmacology

Ms. P.U. Pherwani	Associate Professor
Ms.V. N. Garge	Assistant Professor
Ms. S.R. Dhande	Assistant Professor

Our Distinguished Guests

Many nationally and internationally known distinguished personalities and renowned professionals have visited BharatiVidyapeeth's College of Pharmacy over the years. This is what they have said about the college.

- ♦ Very impressed with sincerity of students. If I can help, please contact me freely.
Mr. Shigeo Yamamura,
Toho University of Japan
December 2004
- ♦ Excellent infrastructure, good environment for students for study and knowledge culture.
Mr. H D Salunkhe
Joint Commissioner, FDA, Mumbai, Maharashtra state
January 2005
- ♦ Along with ultra-modern facilities, environment provided to students is really excellent. Well learned academicians will definitely help to uplift pharmacy profession. I find here a positive approach to fulfil that dream.
Mr. Ram Banarse,
Indian Pharmaceutical Association,
Mumbai
January 2005
- ♦ The facilities and infrastructure is excellent. The co-ordination with teachers and staff is more than what was expected. Personal attention is given to students.
Mr. Vijay M. Chavan
Assistant Registrar,
University of Mumbai
January 2005
- ♦ I'm an ex-student and hence particularly proud of the achievements that the college has made. Tremendous progress has been achieved in the 6-7 years since we graduated. We wish the college all the best.
Harsha Deshmukh
Estoll
March 2005

Our Distinguished Guests

- ♦ I am in administration for the last seventeen years but the way and manner in which Dr. V. J. Kadam is running the college is exceptional. College is maintained in such a nice way that I have not seen anywhere else in my life.
Dr. B. K. L. Srivastava
Principal, R.M.C.E.T, Ratnagiri
February 2006
- ♦ Thank you for your hospitality. Students were found to be academically bright and having fair amount of industry knowledge. It was a pleasure to interact with staff members.
Ms. Mayura Shenoy
Senior Excecutive, Human Resources
Meyer Organics Pvt. Ltd.
March 2006
- ♦ Thanks to all the staff and management for giving an opportunity to talk. Impressive layout and ambience of college and most important ; very co-operative and attentive audience. Good facility and informative staff. Gives confidence that college produces classy students for industry.
Dr. Ratnakar Mendre
Alkem Laboratories Ltd.
March 2006
- ♦ The college has developed an excellent infrastructure especially the museum of the college contains knowledge of pharmacy and is excellent. The college is developing well under the leadership of Dr.Vilasrao J Kadam.
Dr. Ashok V Bhosale
Principal,
S.G.R.S College of Pharmacy, Pune
April 2006
- ♦ I am amazed with the quality of labs, facilities provided to students and display of information. I am sure Bharati Vidyapeeth produces quality pharmacists.
Mr. Sunil G. Sarmalkar
T & T Pharma Care, Thane
July 2006
- ♦ The first impression-a very good set-up for a pharmacy college. Completely changed my views on private colleges. Great environment-Keep it up!
Dr.Surendra Manek,
Vice President-Regional Tech Centre,
Colgate Palmolive, Powai
October 2006

Our Distinguished Guests

- ♦ Excellence in pharmacy education is hallmark of BharatiVidyapeeth's College of Pharmacy. I hope this will be continued under the able guidance of Shri Shivajirao Kadam and leadership of visionary Shri Patangrao Kadam. I wish success to faculty and students.
Mr. B. E. Khomne, Assistant Commissioner
WHO-GMP cell, FDA, Mumbai, Maharashtra state
November 2006
- ♦ Good facility for pharmaceutical education. Excellent teachers and students.
Mr. V. R. Singh, J. B. Chemicals and Pharmaceuticals Ltd.
December 2006
- ♦ I visited in connection with recruitment of JRF for the BRNS research project and also went through the lab facilities after discussion with Principal Kadam and Professor C. S. Ramaa. I am very much impressed by the academic ambience and commitment of professors to the cause of education in various aspects of pharmacy. After my discussion with the professors and post graduate students, I strongly feel that there is an immense potential to recognise this institution for doctoral programmes in different aspects of pharmacy. I foresee the scope for taking up R&D projects in a significant manner.
Dr. P. P. Chandrachoodan,
Programme Officer,
Board of Research in Nuclear Sciences (BRNS), DAE, Mumbai
January 2007
- ♦ This college having excellent academic performance record consistently shows the quality of education and also infrastructural facilities in terms of sophisticated instruments is helpful in doing high quality research.
Mr. G. N. Pandey, BRNS, DAE
January 2007
- ♦ Motivating ambience within the campus. Appreciate efforts to support higher education in frontline disciplines like pharmacology, much awaited research for healthcare management. Keep it up & best wishes.
Dr. Jyoti A Kode, ACTREC, Tata Memorial Centre
March 2007
- ♦ Very well set labs catering to the students for both under graduate and post graduate facilities and faculty are very good. Students from this institute are well trained as I see from the theses I have been getting from Mumbai University.
Dr. M. K. Raina, Pharma Consultant, Mumbai
March 2007

Our Distinguished Guests

- ♦ A wonderful infrastructure, healthy environment and total commitment certainly makes learning experience a positive output. The students are lucky to be a part of this institute.
Professor Anurag Roy
Dean of studies
MBS School of planning & architecture
New Delhi
March 2010
- ♦ A state of art facility, dedicated staff and positive outlook for learning will take this college to next level.
Dr.VaishaliTawde
Sr. Manager-Technical & Business Development
BASF India Ltd.
July 2010
- ♦ Thank you for a wonderful visit to your college. You should be very proud of your excellent students. Keep up the work here and best of luck in all your research & development.
Dr.Darragh Murnane & Dr. David Griffiths
University of Hertford
July 2011
- ♦ Thank you very much for the tour through your nice facility. It's a very friendly environment and I wish you all the best for the future. Go on like this!
Dr.BettineBolties
Schottag
Germany
February 2014
- ♦ I never received such a warm welcome. It was an absolute pleasure to present lecture on Flow chemistry to the students. They were very attentive even for two hours with no one falling asleep. Questions asked were interesting and well informed. I look forward to returning sometime in the future.
Mr. Richard Jones
Thales Nano
Budapest, Hungary
January 2017

Accreditation

In appreciation of its academic excellence, availability of excellent infrastructural facilities and the potential it has for further growth, the college has been accredited by the National Board of Accreditation (NBA).

Academic Programmes

One of the outstanding and glorious features of this college is that it conducts graduates (B.Pharm..) , Post-Graduates (M.Pharm.) and doctorate (Ph.D.) degree programs in Pharmacy education. For all the courses there is a provision for admission for PIO/NRI/ Foreign students.

B.Pharm:-

Bachelor of Pharmacy is a four year degree programme.

M.Pharm:-

The college also conducts Master of Pharmacy programme in the following branches.

Pharmaceutics.

Pharmaceutical Chemistry.

Pharmacology.

Quality Assurance.

These programmes are approved by the All India Council for Technical Education.

Doctoral Programme:-

Since the inception of this College, sustained efforts have been made to develop it as a vibrant center for research. One of the major components of research activities of this college has been to conduct Ph.D. degree programme in Pharmaceutics& Pharmaceutical Chemistry branches. The college laboratories have been designed and equipped as per the current research needs of national importance.

Infrastructure

We believe that learning and teaching can be more effective provided there is a supportive ambience created by rich infrastructural facilities. Bharati Vidyapeeths college was established in 1993 at C.B.D Belapur, Navi Mumbai, occupying area of over 35000 sq.ft. It is located in Thane Belapur belt which is an important industrial area of Navi Mumbai. The college is in close proximity to Belapur station and also well connected by roads to all parts of Mumbai , Navi Mumbai and Thane. The college has taken sustained efforts to generate enriched infrastructural facilities in our campus.

College Building

The College has a well – designed spacious impressive building, which is an excellent expression of modern architecture. A unique feature is a separate five storied magnificent building constructed to house the ultramodern research equipments and to carry out highly advanced research activities pertaining to academic as well as industrial interest. There is a spacious auditorium equipped with modern audio –video devices in the college building, which is used for workshops and seminars.

Laboratories

The College laboratories are spacious, well designed, continuously updated with latest equipments that meet the international standards. The college has developed separate laboratories for postgraduate courses in all the six branches.

All the laboratories have state of the art and sophisticated instruments and equipment's as prescribed by the Pharmacy Council of India. The technology related to the Pharmacy is ever changing and so equipping laboratories with the latest equipment's is a must for pharmacy educational institutes. With this consideration in mind, the College developed a separate analytical instrument room which houses sophisticated and ultramodern instruments like Particle size analyzer, Differential Scanning Calorimeter, HPLC, HPTLC, Thermogravimetric Analyzer, Gas Chromatograph ,Ultraviolet Spectrometer, Fourier Transform Infra Red Spectrometer, Flash Chromatograph etc.

The College has invested substantial funds in procuring the latest equipment's, which are needed for more effective teaching and to meet the needs of research scholars. Our college lab facilities are also made available to other college students .

Library

Library is the integral part of any educational institute and it is expected to cater to various information and research needs of graduates, postgraduates, research scholars and faculty members. Our college has a central library which is spacious and is located in the first floor. It is well-illuminated, furnished and ventilated. Our library provides text books staff & students. Our college provides facility of book banking free of cost for economically and reference books, which are regularly updated. Various national and international journals and online Science Direct journals are subscribed, research dissertations, computers and internet facilities are

provided to the teaching and academically weaker students. Our college library facilities are also made available to other college students and faculties.

Computer Facilities

Technology as one of the most important tool for the best deliverance of education to its scholars, it lays maximum emphasis on providing quality facilities at its lab. In these state-of-the-art college's computer lab, equipped with the latest software and peripherals for students. Students get experience in computer lab to develop their skills according to the global needs. The computer lab is well maintained, spacious and high configured computers having Internet connections with a networked on LAN system to which all the under-graduate and Post-graduate students have access. All the computers are provided with uninterrupted power supply. College is equipped with Wi-Fi internet facility so each student can avail internet facility. The Computer Laboratory is well equipped with.

Research Activities

Research is a very important component of Pharmacy education. Pharmacy Industry can develop itself if it gets research inputs from Academic and research Institutions. The students also can make a successful career as researchers. Realizing the significant and strategic place of research in pharmacy education and industry, we have been making concentrated efforts to promote research activities since 2000 much before the post graduate programme was introduced in the college. The college was recognized as a centre for research by the University of Mumbai in 2003. Our laboratories are designed and equipped keeping in view the needs of high quality research. Consequently, the college could establish its credential not only as centre of excellent teaching but also as dynamic centre of research.

Our faculty is genuinely interested in research activities and it is a matter of pride for us to say that our faculty together have completed several major and minor research projects funded and sponsored by such prestigious funding agencies of the Government of India such as DST, AICTE, UGC, BRNS, LTMT and others.

Research Publications, Presentations and Patents

Research is a very important component of Pharmacy education. Pharmacy Industry can develop itself if it gets research inputs from Academic and research Institutions. The students also can make a successful career as researchers. Realizing the significant and strategic place of research in pharmacy education and industry, we have been making concentrated efforts to promote research activities since 2000 much before the post graduate programme was introduced in the college. The college was recognized as a centre for research by the University of Mumbai in 2003. Our laboratories are designed and equipped keeping in view the needs of high quality research. Consequently, the college could establish its credential not only as centre of excellent teaching but also as dynamic centre of research.

Our faculty is genuinely interested in research activities and it is a matter of pride for us to say that our faculty together have completed several major and minor research projects funded and sponsored by such prestigious funding agencies of the Government of India such as DST, AICTE, UGC, BRNS, LTMT and others.

Areas of Research Work Undertaken In the College

Teaching faculty and students have contributed significantly in the following areas of research in the field of pharmacy.

Pharmaceutics

Preformulation studies, nanoparticulate drug delivery system, liposomal formulations, novel drug delivery systems, floating tablets, bilayer tablets, microparticulate drug delivery, mucoadhesive systems, micro emulsions, self emulsifying drug delivery system etc.

Pharmaceutical Chemistry

Computer aided drug designing, synthesis of novel molecules, green synthesis, purification of the synthesized compounds by using column and flash chromatography, chemical characterization by using FTIR, purity analysis by using HPTLC and HPLC, in-vitro and iv-vivo evaluation of synthesized molecules, 3D-QSAR studies, ADMET prediction etc.

Pharmacology

Screening of various synthetic and natural isolated compounds for cardiovascular, antidiabetic, antimicrobial, skeletal muscle relaxant activities, acute and chronic toxicity studies etc.

Quality Assurance

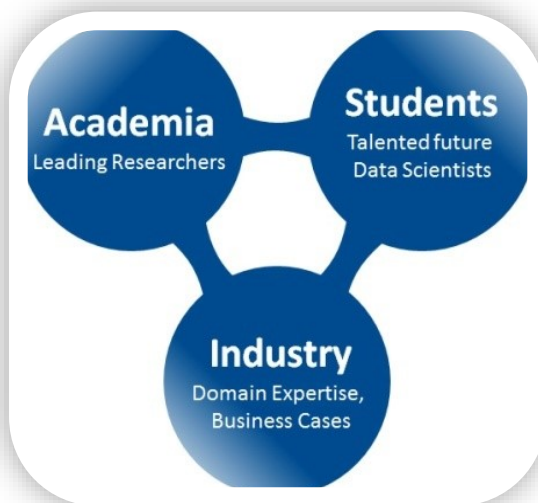

Herbal drug standardization, extraction, isolation, Purification of phyto-constituents, analytical method development of pharmaceuticals and herbal drugs, drug interaction study etc.

Collaborative Projects

- The college has established collaborations with the following renowned research institutes and industries which improve students' research horizon.
- Emcure Pharmaceuticals Ltd., Pune, Maharashtra, India.
- Intas Pharmaceuticals Ltd., Ahmedabad, Gujrat, India.
- Alkem Laboratories, Mumbai, Maharashtra, India.
- Panacea Biotech Ltd., Mumbai, Maharashtra, India.
- Ipca Laboratories Ltd., Mumbai, Maharashtra, India.
- Watson Pharma Pvt Ltd., Navi Mumbai, Maharashtra, India.
- K. M. Kundnani College of Pharmacy, University of Mumbai, Mumbai, Maharashtra, India.
- Neurofarba Dept., Section of Pharmaceutical and Nutraceutical Sciences, Università degli Studi di Firenze , Via U. Schiff 6, Sesto Fiorentino, Florence, Italy.
- SPP School of Pharmacy and Technology Management, SVKM's NMIMS, Mumbai, India.
- Combichem bioresource centre, Organic chemistry division, CSIR-NCL, Pune, Maharashtra, India.
- Vascular Biology lab, AU KBC Research centre, Chennai, India.
- Department of Clinical Pharmacology, T. N. Medical College, Mumbai, Maharashtra, India.
- Ze Phase Therapeutics, Hyderabad, Telangana, India.
- ACTREC Tata memorial Centre, Navi Mumbai, Maharashtra, India.
- CSIR- Indian Institute of Chemical Biology (IICB), Kolkata, West Bengal, India.
- Department of Biomedical sciences, University of Padova, Italy.
- Astra Zeneca India Pvt. Ltd., Bangalore, Karnataka, India.
- Department of Biophysics and Human Physiology, Medical university Warsaw, Poland.

Industry Academic Interaction

With Technology driven entrepreneurship coming up in the country in a big way, the academia is bound to be more amenable to a closer interaction with industry. Keeping this in view we place great importance and value on closer interaction with industry and R&D organizations. Various guest lectures, seminars and workshops are conducted for the students where, eminent speakers from industry and institutes are called who can make the students aware of the present scenario. The students are regularly taken for the industry visit to gain practical knowledge.

Bharati Vidyapeeth's Research Centre (BVRC)

Technology as one of the most important tool for the best deliverance of education to its scholars, it lays maximum emphasis on providing quality facilities at its lab. In these state-of-the-art college's computer lab, equipped with the latest software and peripherals for students. Students get experience in computer lab to develop their skills according to the global needs. The computer lab is well

maintained, spacious and high configured computers having Internet connections with a networked on LAN system to which all the under-graduate and Post-graduate students have access. All the computers are provided with uninterrupted power supply. College is equipped with Wi-Fi internet facility so each student can avail internet facility. The Computer Laboratory is well equipped with.

Alumni

The most valued asset of any educational institution is its alumni. We at BVCOP can proudly claim that hundreds of graduates, postgraduates and doctorates have walked out of our doors and are doing really well in the real world. They have raised the bar of our college by their exemplary professional achievements.

Most of our students have forayed into the pharmaceutical industry and have risen to levels as high as Directors, vice-president etc in companies of high repute. Many of our alumni have left their definite mark in the academic arena as can be seen by their scholarly pursuits and achievements. With a sense of pride we would like to highlight that a few of our alumni have even ventured into entrepreneurship and are successfully running their businesses. A large number of our students have moved abroad to pursue higher education and have highly successful careers in countries such as USA, Canada, UK, Singapore etc.

Inspite of having over a thousand alumni, the college has a very active alumni committee which has managed to keep the alumni connected to their Alma Mater. The committee keeps the alumni abreast of the progress of the college and also acts link for purposeful interaction between the alumni and our current students. Our alumni though separated in terms of distance do come together each year for our annual alumni meet and they also effectively contribute towards the growth of the college.

at a glance

- Pioneer in pharmacy education in Navi Mumbai
- Accredited by **the National Board of Accreditation (NBA)**, New Delhi
- Ranked amongst Top 75 colleges in India by NIRF 2017.
- Recognised by the All India Council for Technical Education(AICTE) , New Delhi
- Approved by Pharmacy Council of India(PCI), New Delhi
- Permanently affiliated to the University of Mumbai
- Included under sections 2 (f) &12(B) of University Grants Commission Act
- Approved as a centre for postgraduate and doctoral research in pharmaceutical sciences by Mumbai University and Bharati Vidyapeeth University
- Highly qualified, experienced and student-caring faculty
- Research projects funded by BRNS, Mumbai University, DBT, DST, LTMT and other reputed funding agencies
- Well equipped laboratories and ultra modern instruments
- A multi storied separate building housing sophisticated instruments and state of the art laboratories
- Comprehensive library facilities
- Book bank facility for SC and ST students
- Widely spread alumni contributing to develop pharmacy profession in India and abroad
